Note: Instead of stitching the needle a platinum or gold needle may be used. Place the needle in the Godmother's hand where indicated by the small square (▪). Make sure the piece has been washed, ironed and is ready to mount before adding the real needle.

Note: The symbols (◒) at intersecting grid lines on the floss bag are for placement of loops of floss to represent tiny skeins. Working from left to right use colors as follows:

3766 504 776 676

Using 4 strands of floss, work from the back of the design. Anchor the thread by running under stitches below the place where marked (◒). Bring the floss through the fabric to the front of the design. Leave a small loop of floss and go back through the fabric near the same hole. End the thread by running under stitches below the point where the floss passes through the design. If the floss is anchored above the (◒) point it will not stand up in the bag.
